

A-3000 STAMPS

Product Description

A-3000 rubber stamps are used to make impressions in concrete or overlay systems or walls.

Sizes

2 x 2

3x3

4x4

Texture matt's

Patterns

Primary Uses

Stamping concrete or overlays vertically or horizontal

Application

Before the stamping of the surface, the surface must have had A-1800 stamp release applied to the area. The stamps can now be applied to the top of the new surface and an impression can be achieved.

Important Notice to Purchaser
