MANUFACTURER OF DECORATIVE OVERLAYS & SEALERS

Enviro Stain Sealer Matte Finish A-1330

Product Description

A-1330 Enviro Stain Sealer is an odorless, water base sealer designed to seal A-2050 Enviro Stain or wood products. Its oil like properties allow for a longer working time and is excellent for sealing in hot weather. A-1330 Enviro Stain Sealer should not be used as a finishing coat or top coat on driveway surfaces.

Coverage Rate

This product will cover 250 to 300 square feet per gallon.

Primary Uses

A-1330 Enviro Stain Sealer is a matte finish that has the ease of application of acrylics, but performs like a urethane. This sealer penetrates the surface for a tenacious bond. A-1330 Enviro Stain Sealer is breathable, non-yellowing and extremely durable.

Application

A-1330 is used to protect A-2050 Enviro Stains and can be used on pool decks, stone, stamped concrete, wood, etc. Apply A-1330 with a ¼" nap roller, broom or it can be sprayed.

Important Notice to Purchaser
