

# Graffiti Eliminator

## GS-300

### Product Description

GS-300 Graffiti Eliminator is a water base, non-hazardous, environmentally friendly graffiti cleaner. GS-300 Graffiti Eliminator is an industrial strength cleaning solution designed and formulated to loosen paint and graffiti. GS-300 has low VOCs, is biodegradable and cleans up easily with just water. GS-300 will not burn the skin.

### Primary Uses

Masonry block, split face block, brick, metal, concrete, wood, stucco, siding, vinyl, etc.

### Application

Spray GS-300 Graffiti Eliminator to the surface that contains graffiti markings with a pump sprayer, airless machine, or use the 22 oz. Spray Bottle. Let the solution remain on the surface for 5-15 minutes or until the graffiti becomes soft. Different surfaces will require different removal procedures. For porous surfaces: Use a 2500 to 3000 PSI pressure washer to remove graffiti. Hot water may be needed in some cases. Pressure washing is always the quickest removal. Some smooth surfaces, such as signs, can normally be removed by spraying the surface with GS-300 and wiping off the graffiti with a rag.

### Coverage Rate

Porous surfaces: 300-400 square feet per gallon

Smooth surfaces: 400-600 square feet per gallon

### Packaging

22 Ounce Spray Bottle, 1 Gallon Jug, 5 Gallon Bucket and 55 Gallon Drum.

### Caution

This product may cause burns upon prolonged exposure. Harmful if swallowed. In case of contact with eyes or skin, flush with water for 15 minutes and obtain medical attention. Before using this material, read material safety data sheets. Always wear protective clothing and eye protection when using GS-300. Wash your hands after using product. Keep away from children.

### First Aid

If ingested, seek medical attention immediately. In case of eye contact, flush with water for 15 minutes. In case of skin contact, wash thoroughly with soap and water. If irritation occurs, seek medical attention.

**Product cleans up easily with soap and water.**

### Warranty

Graff Shield, Inc. warrants that this product is blended to the highest quality. This warranty is for replacement of material, and only if the material did not remove at least 50% of the graffiti marked area. Proof of purchase is required for replacement of material. This is the limit of liability to Graff Shield, Inc. Under no circumstances will Graff Shield, Inc. be held liable for any loss of profits or any other consequential damages.
